JOANA PIMENTEL

I KNOW IT AS I KNOW THAT...

1 MAR - 9 APR 2008

Opening FRIDAY 29 FEB 10 pm

TUESDAY- SATURDAY 3-8 PM

I know it as I know that...¹

1- By saying "I know..." we express our acceptance to believe in certain things.

9- "I know that ice burns like fire"², I know this as I know that ice is the solid form of water and that it melts at 0° C..

7- I know that the planet earth existed long before my birth as I know that other planets exist

1- There are books for all that and "those books do not lie". Because I've seen their images with my hands really cold, I don't doubt them even when they are small.

3- I know it because it is written. They wrote fire with the word ice, and we believe it.

2- Kuiper discovered two moons of planets in the solar system, "I cannot stop believing..." I read about that and about cryo-volcanoes on those moons; frozen volcanoes, with nitrogen geysers shooting up, formed where liquid breaks the icy surface of the planet.

0.0- Someone who doubts that cryo-volcanoes already existed one hundred years ago in frozen moons, and possibly in other low temperature astronomical bodies, might have a scientific or philosophical doubt.

8- I don't doubt, I've seen it written. I've read about fires in icebergs. Time freezes, we have proof of that. "But not only I know, or believe, all that, but the others do too. Or rather, I *believe* that they believe it."³

For images or more information on this exhibition, please contact Nuno Lapa through the following contacts: Galeria Pedro Oliveira or [+351] 91 849 47 94
