Die schönste Fahne der Welt

On the 20th of May this year thousands of women went to the Lisbon National Stadium in order to form the pattern of the Portuguese flag on the pitch. The event was announced as aiming at demonstrating “the support of all the women in Portugal for the Portuguese National Football Team in the 2006 World Cup”. This event was recorded in the Guinness Book of Records in relation to initiatives of the same kind (flags drawn out by human beings wearing clothes in the correct colours).

The series of eight photographs presented in this exhibition was taken during this event.
